

# DC102B

**Aritech, magnetic contact, surface mount, brown**

## Easy installation

---

The DC102-series are ideal for residential and commercial applications where terminal connections are preferred. The unit features positive clamping terminals with anti-rotation lugs and captured screws with combination heads. These features allow for easy, quick installations.

## Comprehensive range

---

The range includes wide gap, SPDT and biased versions for higher security. This makes it one of the most popular contacts available in the industry today.

## Durability and dependability

---

These high performance magnetic contacts have been designed to facilitate installation and ensure durability and dependability. Most are conservatively rated at 10,000,000 cycles, guaranteeing a long life. Every reed connection is hand soldered and each magnetic contact is tested before they leave the factory.

## High quality components and materials

---

Reed legs are plated with rhodium or ruthenium, and hermetically sealed in dry nitrogen. This offers superior protection against sticking and provides a moisture free environment therefore preventing corrosion.

## Details

---

- Ideal for residential and commercial
- Convenient surface mounting
- Versions with built-in resistors available

# DC102B

Aritech, magnetic contact, surface mount, brown

## Technical specifications

### General

Application type	Surface mount
Contact type	NC
Connectivity	Screw

### Wired / wireless

Wired-wireless	Wired
Operating gap	18 mm (max.)

### Physical

Physical dimensions	63 x 12 x 19 mm
Colour	Brown
