

TX-7001-05-1

Wireless indoor siren 868 MHz Gen2

This wireless indoor siren completes your Interlogix NX-10 wireless intrusion system. It installs easily because of its wireless communication, power and learn-mode technology. It also provides you with the required safety and security compliant with the EN50131-requirements. The standard alkaline batteries typically deliver a 3-year lifetime.

Details

- Full wireless solution: communication and power
- Easy learn-in procedure
- Pry-off and opening tamper protection
- Complies with EN50131 - approvals pending

TX-7001-05-1
